# Clear Cut Engineering

Clear Cut Engineering (CCE) is an engineering solutions company established in the year 1996. CCE aims to be a one stop engineering hub that provides quality and cost effective solutions to our clients.

The company consists of a team of veterans that possesses more than 20 years of experience. The bulk of experience gained over the years has helped the company to learn, adapt and maintain a competitive advantage in the engineering industry.

Over the years, we have managed to secure many key projects. Keeping in mind the importance of reliability and consistency in the services that we provide has allowed us to build strong partnerships and provide support for our clients and stakeholders.
